

2011 ROSLYN LITTLE LEAGUE THIRD GRADE BOYS HOUSE RULES

All rules contained on these pages are official Roslyn Little League rules and cannot be amended by any umpire, commissioner or director.

These rules apply to the spring, summer and fall leagues and any other Roslyn Little League sanctioned event.

These rules amend and supersede the official Little League Rules and should be read in conjunction with the official Little League Rules.

Draft – teams will be established by a draft presided over by the commissioner of the grade.

1. PLAYER PARTICIPATION:

- a. All players on a team shall bat.
- b. 10 players shall play the field (4 outfielders and 6 infield including the pitcher).
 - i. Outfielders must remain 10 feet behind the base line or on the outfield grass, whichever distance is greater.
 - ii. Coaches must rotate players between infield and out field positions after completion of an inning so that all children have an approximate equal time playing infield and outfield positions.
 - iii. Each player must play a minimum of two innings in the infield in a six-inning game. Violation of this rule in the regular season will result in the following:
 1. 1st offense: warning.

2. 2nd offense: 2 game suspension.
 3. 3rd offense: permanent removal as a coach in Roslyn Little League.
 4. If this rule is violated during the playoffs, the violating team will forfeit the game.
- c. No child shall sit twice before every child has sat at least once
 - d. Roslyn Little League will play all games, where applicable, with free substitutions unless otherwise stated.
 - e. Each child must start every other game unless he misses a game and thereby loses his turn.
 - f. There shall be no “cuts” in any league except in the case of travel team(s).
 - g. If a travel team is formed under the auspices of Roslyn Little League, regardless of the season, it must be treated secondarily to that child’s intra-league game and team.
 - h. The Commissioner has the discretion to require a player to sit out a travel game during the fall season if the player misses an intra-league game during the same week.
 - i. There are no changes of player positions permitted in the middle of an inning unless: in conjunction with a change in pitchers or due to an injury to another player. Position changes, if required, do not have to be one for one and may involve the movement of more than two players, but in no event may more than 3 players change positions.

2. THE BATTER:

- a. Throwing/Lifting Helmets - Any batter or runner throwing off or lifting their helmet during a game will first be given a warning. After the warning, if the same player throws or lifts their helmet a second time, the umpire will call out the player.
- b. Throwing Bats - A batter will only be given one warning by the umpire for throwing his/her bat and will automatically be out the next time he/she throws his/her bat either later during the same at bat that he/she received a warning or on any succeeding time at bat during the game in which he/she was warned. The umpire shall be the sole judge of whether the batter has thrown the bat.
- c. Illegal bats - All bats shall conform to official Little League Rules. If a batter using an illegal bat becomes a runner after hitting a fair ball, he shall be called out and the runners shall return to the bases they

occupied before the player's at bat. The defensive team must appeal the play to the umpire before the first pitch to the next batter of either team, or before the umpires have left the field if the at bat would otherwise end the game. If the batter advances to first base without hitting a fair ball (a walk or hit batter), then the batter shall not be called out.

- d. An inning ends with three outs or if the entire team bats around, whichever comes first.
- e. Players must bat in the order that they are listed.
- f. Players coming to the game after the start of the game must be placed at the bottom of the lineup regardless of whether their team has batted.
- g. If any one team has a lesser number of batters, that team will be allowed the same number of batters as the opposing team if they do not make three (3) outs in that inning.

3. THE RUNNER

- a. Base stealing:
 - i. Runners may be allowed to steal one base (3rd base or home only) after the pitched ball has been delivered AND reaches the batter.
 - ii. This one base rule covers the runner the full time the runner is on base regardless of the possibilities of additional overthrows or wild pitches.
 - iii. There are no double steals, and with runners on second and third base, only the runner on third may attempt a steal (if he/she did not reach third base by stealing.)
 - iv. The same runner cannot steal more than one base in any half inning.
 - v. The return throw to the pitcher from the catcher is a dead ball and a steal may not be attempted.
 - vi. No steal may be attempted in any half inning in which three successful steals have occurred.
 - vii. Play is dead if the pitched ball goes through the backstop or gets caught in the backstop. The runner on second base advances to third base in divisions that allow steals (and a runner on third in this case would be forced home.) Otherwise, runners cannot advance. This will be considered a stolen base.
- b. Tagging Up – There is no tagging up.
- c. Base Collisions - Any runner advancing to a base where a fielder is waiting to apply a tag or force that runner out, and has or is about to

have possession of the ball, must either avoid contact with the fielder, give himself up or slide. If the runner makes contact with the fielder, regardless of whether the fielder ever came into possession of the ball, without sliding, the runner is out and any other runners may not further advance.

d. Obstruction

- i. A runner being obstructed by a fielder must attempt to avoid or minimize contact even when the runner has the right to the base or baseline.
- ii. If a runner contacts a fielder obstructing the runner with undue force, or in an attempt to injure, the runner shall be called out.
- iii. Penalties will be enforced at the end of the play.
- iv. The umpire shall have discretion to disqualify the runner.
- v. Obstruction is defined as “the act of a fielder who, while not in possession of the ball or not in the act of fielding the ball, impedes the progress of any runner.”

e. Dead Ball - If a ball is thrown to the pitcher and caught near the mound, or thrown to the first basemen on a ball that does not leave the infield, the runner(s) must stop at the closest base. The pitcher or first baseman can opt to throw out the advancing runner; the runner may advance only one base, the runner at the next base may advance. The runner must be more than halfway between bases in order to advance, unless the pitcher or first basemen attempts to throw out the runner. There is no advance on a catcher throwing the ball back to the pitcher after a pitch once the pitcher has control of the ball in the vicinity of the mound.

f. A “double safety base” at first base must be used at all times.

g. Catcher speed up rule - When there are two outs each team will remove the catcher from the base paths, and utilize a substitute runner in an effort to speed up the game.

- i. The last batted out will run for the catcher, when implementation of the rule is in effect.
- ii. The team at bat must utilize the catcher from the previous defensive half inning unless the manager announces to the opposing manager that they plan on changing their catcher at the start of the offensive half inning.

h. Roslyn Little League will not implement Little League rule 7.14.

4. THE PITCHER

- a. A player may pitch a maximum of three (3) innings per game (per day). A pitcher once removed from the mound may not pitch again in the same game.
- b. A single pitch in an inning shall constitute an inning pitched.
- c. The front of the pitching rubber will be 42 feet (boys) from the back of the plate.
- d. No player may pitch more than 6 innings in a week.
- e. After a pitcher walks four batters in an inning, the count will go to 6 balls and 3 strikes for that pitcher.
- f. A pitcher may not continue pitching after walking 6 batters in an inning or hitting 3 batters in a game.
- g. A pitcher must pitch consecutive innings and may not return to the pitching position after being taken out of that position.
- h. Pitch Limits – a manager **MUST** remove a pitcher when said pitcher reaches the limit for his official Little League age group but the pitcher may remain in the game at another position. The following are the maximum pitch counts:
 - i. League Age
 - 1. 17-18 - 105 pitches per day
 - 2. 13-16 - 95 pitches per day
 - 3. 11-12 - 85 pitches per day
 - 4. 9-10 - 75 pitches per day
 - 5. 7-8 - 50 pitches per day
 - ii. Exception: if a pitcher reaches the limit imposed for his League age while facing a batter, the pitcher may continue to pitch until any one of the following conditions occurs:
 - 1. That batter reaches base.
 - 2. That batter is put out.
 - 3. The third out is made to complete the half inning.
- i. A pitcher who delivers forty-one or more pitches in a game cannot play the position of catcher for the remainder of that day.
- j. Each manager shall be the official pitch count recorder for the opposing team's pitcher.
- k. Pitcher Rest Requirements - Pitchers league age 16 and under must adhere to the following rest requirements:
 - i. If a player pitches 61 pitches in a day, three calendar days of rest

- ii. If a player pitches 41-60 pitches in a day, two calendar days of rest
 - iii. If a player pitches 21-40 pitches in a day, one calendar day of rest
 - iv. If a player pitches 1-20 pitches in a day, no calendar day of rest is required.
 - v. NOTE: Pitcher rest requirements are mandatory regardless if a pitcher exceeds the maximum pitch requirements because of an exception to the pitch limits.
- l. No deviations to these rules will be permitted regardless of rain outs, rescheduled games, makeup games, playoff games, championship games, etc, except for the Little League All-Star Game in which case the pitcher may pitch a maximum of one inning regardless of the pitching rest requirements and for Williamsport Sanctioned Summer Tournaments. If two (2) Williamsport tournaments overlap within the same “pitching” week, the total amount of innings allowed for a pitcher in that week will not be greater than what would have been allowed if there was only one tournament.
 - m. Any error or violation of these rules will result in automatic forfeit. This rule cannot be modified except by vote of the Board of Directors of Roslyn Little League.
 - n. If a pitcher (baseball only) hits three batters in one game (does not have to be consecutive), he/she must be removed from the mound.
 - o. No intentional walk is permitted in any league. Any pitch thrown in such circumstances will be ruled no pitch.
 - p. There are no balks in any league.
 - q. The pitching week starts on Sunday and ends on Saturday.

5. GAME PROCEDURE

- a. Catching: Players will catch. Players shall wear mask and full gear including catcher’s mitt and protective cup when behind the plate.
- b. Bases shall be 60 feet apart.
- c. Forfeits and Staring of a Game - All games must be started within fifteen (15) minutes of the scheduled starting time where the field is available.
 - i. Any team with eight (8) or more players must start the game at the specified time and cannot delay the start of the game to wait for a specific player or for a manager.

- ii. A forfeit must be ruled if a team cannot field a legal team (eight (8) or more players) sixteen (16) minutes after the scheduled or field available starting game time.
 - 1. There can be no agreement between managers to circumvent this rule, although Commissioner can use his/her discretion.
 - iii. If both teams fail to field a proper team, a forfeit will be charged to both teams.
- d. If there is a forfeit, a practice game must be played combining all available players from both teams to make an equitable and fun experience for the kids.
- e. Any team starting a game with nine (9) uniformed players and then losing a player during the game will be allowed to play with eight (8) players.
 - i. If less than eight (8) players are available due to injury, the game will be suspended and played at a later date designated by the commissioner and using only the original players.
 - ii. If a child leaves a game during progress without being injured and results in less than minimum required players, a forfeit will be called.
 - iii. If a team starts a game with eight (8) players and such game is suspended, only the same eight (8) players will be allowed to play when the game is continued at a later date.
- f. No inning may start later than ten (10) minutes before the end of the allotted game time except in special circumstances with the approval of the commissioner in attendance. This approval should be clearly indicated in advance of the game.
 - i. If there is no succeeding game, this rule does not apply.
- g. Balls and strikes may be called from behind the pitcher even if no runners are on base.
- h. Infield Fly Rule will not be used.
- i. An adult coach shall be allowed at first or third base. Alternatively, one child coach may be utilized provided that child is a registered player in Roslyn Little League.
 - i. Adult coaches may not change bases once an inning has started.
 - ii. Child coaches must wear a helmet with face guard.
- j. If a player leaves the game before completion of the game, an out will NOT be awarded when that child's position in the batting order comes up.

k. OFFICIAL GAME:

- i. A game will be official if three and one half (3-1/2) innings have been played and the home team is ahead or four (4) innings when the home team is behind.
 1. If a game is suspended before it becomes official, it will be restarted from the exact point of suspension at a later date and played to completion.
 - a. Managers must note player's positions, pitch counts, batting orders before departing the field.
 2. There is no such thing as a rain out or other cause canceling innings already played.
- ii. In all playoff and championship games in all of the Little League divisions, once the game is started the game must be played to its full term unless terminated by the commissioner after consultation with both managers.

l. SCHEDULES:

- i. No inning may be started after one hour and fifty minutes from starting game time if there is a following game scheduled unless by commissioner's approval in case of tie or special circumstances. The one hour and fifty minute rule is not in effect where only a single game is played on the field for the day or it is the last game of the day.
- ii. The commissioner of a league shall have the sole discretion to re-schedule any suspended game, or postponed game, rain out games and tie games. It is recommended that such rescheduled games be played as soon as possible after tied game. Tie games (in the Majors if it is the first game between the two (2) teams) will always be played before the next regularly scheduled game between the two teams. In the event of a tie game or suspended game where play has continued on a new date, each manager shall start with the lineup in force at the time that the game was called and who were present at the day that the tied game was played, except in the event that some player is missing on the continued date whereupon managers may substitute with players who were not present on the day of the tied game. Such resumed game shall continue until six (6) innings are completed. This situation refers only to suspended games and does not impact official games that ended prior to the normal six (6) inning period.
- iii. All schedules must be strictly adhered to except upon permission of the commissioner of the league.

- iv. Manager requests for postponement due to a lack of sufficient number of players available even if valid will be denied unless made forty-eight (48) hours in advance of scheduled game time.
 - v. Requests for cancellation on Memorial Day or Mother's Day for purely family reasons will be denied and forfeits will be charged.
 - vi. Failure of a manager to be available for a game is not a valid reason for postponement.
 - vii. On Friday night, no inning may start after 8:00 P.M., but any inning in progress will be completed.
- m. Time Out:
- i. Defensive team: Little League rule 8.06 shall be strictly enforced.
 - ii. Offensive team: Only the offensive team's batter or runner may ask the umpire for a time out to confer with the manager or coach.
 - iii. A manager may not enter the playing area unless the umpire calls time. Should he/she do so when the ball is in play (either batted or loose) penalties as follows will be enforced:
 - 1. If the offensive manager enters the field without the umpire's permission, the batter is out and all runners return to the base that they occupied prior to the start of that particular play.
 - 2. If the defensive manager enters the field without the umpire's permission, all offensive players receive the last safe base plus one and no additional outs are recorded.
- n. PROTEST:
- i. If a protest is required, the protesting manager must immediately make the umpire aware of his/her decision to protest after the event and prior to the next pitch.
 - ii. Protests must also be put into letter form to the attention of the League President and the opposing manager within twenty-four (24) hours after the completion of the game. The President shall then meet with the umpire, the opposing manager, the league commissioner, etc. to make a ruling.
 - iii. No protest will be heard if the protesting coach did not have his/her "little league" rulebook and "house rules" on hand at the

field at the time of the protested event to use in settlement of said dispute.

6. GENERAL RULES:

- a. The commissioner is in complete control of the players and the ball field until such time as the game commences.
- b. The umpire may appeal to the commissioner only for a clarification of the rules, and may not appeal in the case of a judgment call. Upon appeal, the commissioner may clarify the rules for the umpire. Otherwise the game is in the hands of the umpire. No manager may appeal an umpire's ruling directly to the commissioner. Umpires for this league will usually be teenagers from the community. Their call is final. It is the responsibility of the Team Manager to support the Umpires. The Manager is the only individual permitted to discuss a matter with an Umpire. Assistant Coaches, players, and parents of players may not hold discussions with the Umpire under any circumstance. No manager should ever argue or discuss a judgment call with an umpire.
- c. No more than one manager and two assistants are permitted in the dugout during a game. Parents who are not authorized coaches are not allowed in the dugout. Players must remain in the dugout at all times unless they are in the field, at bat or on a base.
- d. ONLY league supplied uniforms are to be worn.
 - i. No names are to be added to uniforms.
- e. Any teams' presentations or activities should be discreet and take place away from regular activities.
- f. There is no use of tobacco or alcohol beverages on school property, or on any Roslyn Little League field.
- g. No dogs or other pets are allowed on Roslyn School property or on any Roslyn Little League fields. Managers must enforce this rule on behalf of parents or guests of their teammates or risk forfeiture.
- h. Trophies will be awarded to regular season winner, playoff winner and playoff final game loser.
 - i. No team can receive more than one trophy.
- i. In ALL leagues, protective helmets that the batter, all base runners and player base coaches shall wear must have face guards.

- j. Where more than one grade is combined into a single league, unless the Roslyn Little League rules provide for which rules shall govern that league, the rules applicable to the higher grade shall govern, with one exception: the applicable rule regarding the distance from the pitching rubber to the plate shall be the rule in place for the pitcher's grade, although the pitcher may (but is not required to) pitch according to the rule of the higher grade(s).

7. CONDUCT OF MANAGERS, PLAYERS AND SPECTATORS

- a. IT IS THE DUTY OF ALL OF THE DIRECTORS, MANAGERS, COACHES, COMMISSIONERS AND OTHER LEAGUE OFFICIALS TO EMPHASIZE THE PROPER IDEALS OF SPORTSMANSHIP, ETHICAL CONDUCT AND FAIR PLAY UNDER ALL CIRCUMSTANCE. THE VALUES TO BE DERIVED FROM PLAYING THE GAME SHOULD BE STRESSED AND ACTIONS THAT TEND TO DESTROY THEIR VALUE SHOULD BE DISCOURAGED. COURTESY SHOULD BE SHOWN TOWARD OPPONENTS, OFFICIALS SUPERVISORS, SPECTATORS, AND ADMINISTRATORS. EFFORTS MUST BE MADE TO ACHIEVE A THOROUGH UNDERSTANDING AND ACCEPTANCE OF THE RULES OF THE GAME AND THE STANDARDS OF THIS LEAGUE.  - i. A ball thrown by the pitcher strikes home plate and goes over or through the backstop.
 - ii. A ball is thrown by any player, including the pitcher of the defensive team that leaves the playing area over first or third base and enters the stands or a dugout.
- c. No defensive player shall climb on the railroad tie fence on the third base side of the Orange Field to field a ball.
- d. In the event of interference with a foul or fair fly ball by a spectator, which in the opinion of the umpire could have been caught, the umpire may call the batter out.
- e. A ball thrown by a defensive player that passes through the fence opening of first or third base shall be dead, but a base runner shall be entitled to advance to the base he is approaching plus one additional base. The matter of whether a runner is “approaching” a base shall be in the sole judgment of the umpire.
- f. Any batted ball that falls under, bounces over or passes the outfield fence is dead and shall entitle the batter to two bases.
- g. A foul ball hit behind the fence on the first base side of the Orange Field or beyond the imaginary out-of-bounds line on the third base side of the Blue Field is out of play.
- h. A fouled fly ball out side of the first base line of Orange Field and the third base line of the Blue Field is in play, except that any foul fly ball striking overhanging trees shall be dead.
- i. A batted ball hitting the center field wire fence above the orange line without first touching the ground shall be a home run.

- j. A batted ball hitting the top rail of any outfield fence without first touching the ground and bouncing back on the playing field shall be in play.
- k. Except as herein provided and provided in the Local League Rules, the Official Rules of Little League Baseball shall govern.

10. Rules for all fields

- a. Regarding imaginary out-of-bounds:
 - i. If a player catches a ball out of bounds there is no play.
 - ii. If a player catches ball inbound and momentum carries him over the line, the batter is out and is in play with the runners allowed to advance at their own risk. Only exception is when fielder runs into fans at which time batter is out and runners are not to advance subject to umpire discretion.
 - iii. If fielder touches ball inbound, then drops the ball, which rolls out-of-bounds – the ball, becomes dead and all the runners get the base they are going to plus one extra.
